

# 2021 BATCH C STREAM 1

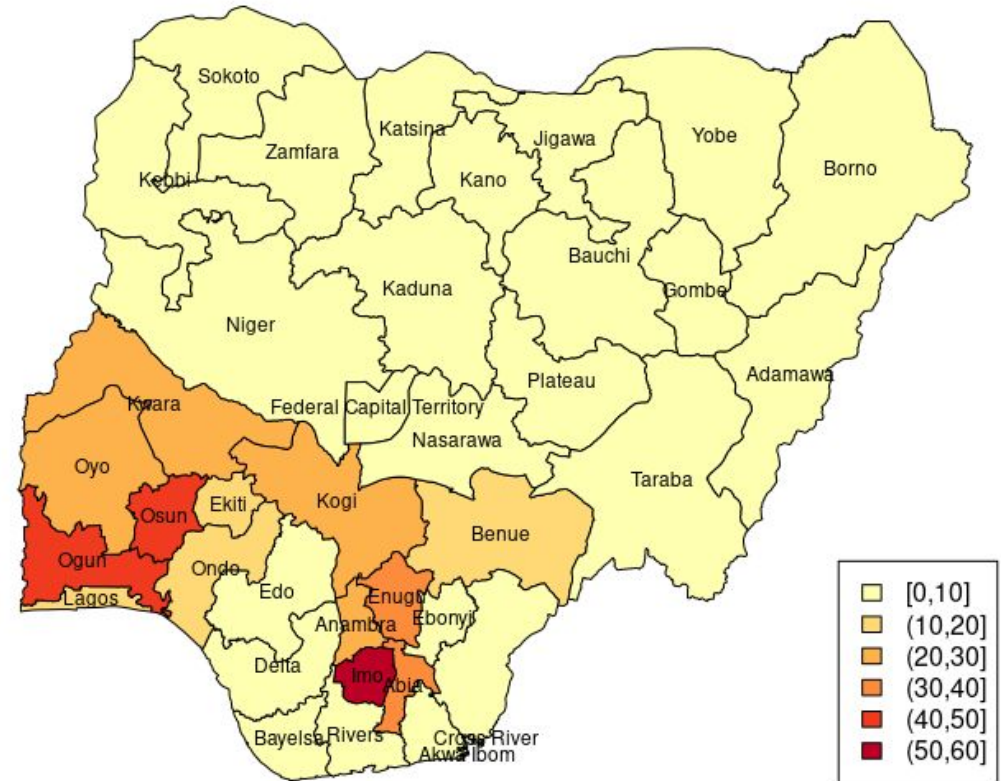

SUMMARY OF FORM 4A  
OPINION SURVEY

# Improvement to a previous Presentation I made

- The objective of this presentation is to determine the performance of the **NYSC camp** in **Bayelsa state** for the **year 2021 batch C stream 1**.
- The questions were prepared by the federal government and then executed on the state level.
- The structure of the presentation was determined by the federal government's template, However, There where certain design choices that were made in the template that I tried to improve on in this presentation.
- The major changes I made are shown from **slide 3 to 12**.
- This report is used to inform the improvements that would be made in future NYSC camps.
- To see the my thought process, code written and tools used, **scroll down on the [website](#)**.

# 1. State Of Origin

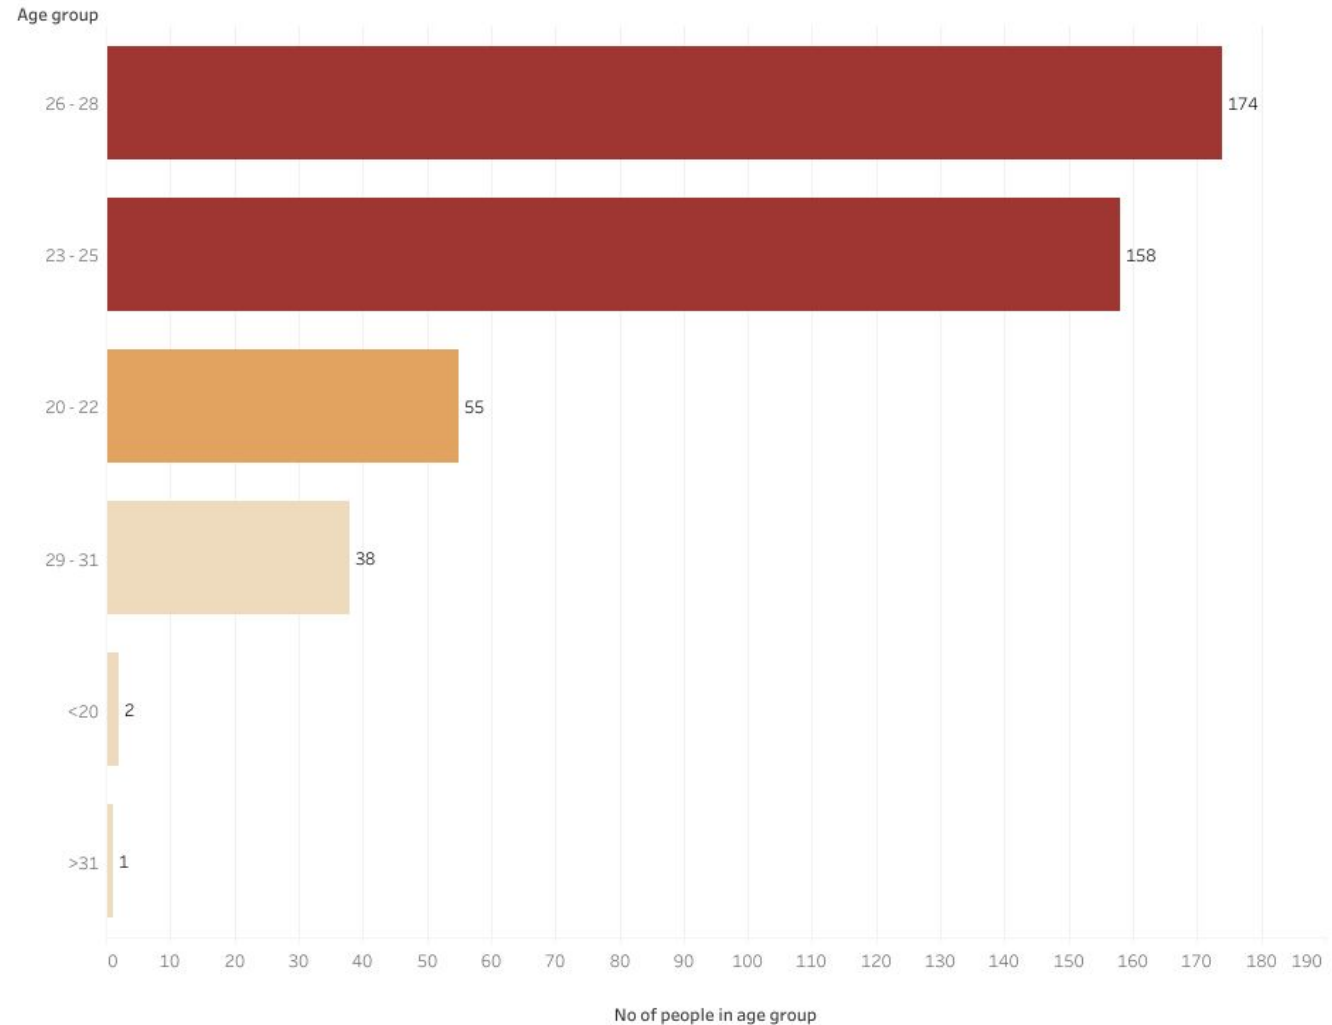

- **Imo** state has the highest number of corp members that are serving in Bayelsa in 2021 with a percentage of **12.73%**. That is **56** people.
- **Osun, Ogun, Enugu, and Abia** are the next highest state respectively. All together, these **5 states** make up **47.27%** of the Corper in **Bayelsa**.
- This may be caused by a **lack of even distribution** in the state assignment process. However, Only **440 people** fill the for out of over **1200 people**. Thus I could also be a case of a **small sample size**.

## 2. Age

- **40.65%** of respondents are between the ages of **26 - 28**.
- **36.92%** of respondents are between the ages **23 - 25**.
- These 2 age groups account for over 74% of respondents
- The average age of respondents is **~25**

Number of Corpers per Age Group
